

### Resume of Full-time Teachers of Chemical Engineering and Technology

<b>Name</b>	Liu Changhui
<b>Title/position</b>	Professor/Vice-Chancellor
<b>Education Experience</b>	<p>1993.09-1997.06 Bachelor of Chemical Education, Hengyang Normal University</p> <p>September 2003-June 2006 Master of Organic Chemistry, Central South University</p> <p>September 2012-December 2015 Doctor of Organic Chemistry, Hunan University</p>
<b>Work Experience</b>	<p>2006.07-2024.02 Hunan City University School of Materials and Chemical Engineering Teacher</p> <p>2024.02-present Hunan Institute of Technology School of Chemical Engineering Teacher</p>
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1. Give lectures on "Organic Chemistry" and "Organic Chemistry Experiment", etc., and guide "Chemical Understanding Practice", "Chemical Production Practice" and "Chemical Graduation Comprehensive Training".</li> <li>2. Guiding students to win 3 first prizes in provincial subject competitions; winning the title of Young Teaching Expert in Classroom Teaching of Hunan Province.</li> <li>3. Publication of 1 textbook.</li> </ol>
<b>Scientific Research</b>	<ol style="list-style-type: none"> <li>1、 He presided over 1 general project of National Natural Science Foundation of China, 1 project of Natural Science Foundation of Hunan Province, 1 project of Science and Technology Plan of Hunan Province, 1 project of Key and Excellent Youth of</li> </ol>

Education Department of Hunan Province.

- 2、 He has published more than 50 papers, including more than 30 SCI and EI, and authorized 3 national invention patents. He successively won 1 second prize (ranked first) and 2 third prizes (ranked third and fourth) of Natural Science Award of Hunan Province.

<b>Name</b>	Zhang Jin
<b>Title/Position</b>	Professor/Associate Dean
<b>Educational Experience</b>	1996.09-2000.06 Xiangtan University, Bachelor of Applied Chemistry 2000.09-2003.06 Xiangtan University, Master of Organic Chemistry 2009.09-2014.12 Xiangtan University, Ph.D., Organic Chemistry
<b>Work Experience</b>	2003.07-2018.03 Xiangtan University, School of Chemistry, Teacher 2003.09-2006.06 Hong Kong Polytechnic University, Research Assistant 2018.03-Present Hunan City University, School of Materials and Chemical Engineering, Teacher
<b>Teaching work</b>	1. Lectured on "Organic Chemistry" and "Organic Chemistry Experiment", and guided "Chemical Engineering Recognition Practice", "Chemical Engineering Production Practice", and "Chemical Engineering Graduation Comprehensive Training". 2. Guided students to win 3 first prizes in provincial subject competitions; won 1 second prize in Hunan Province Classroom Teaching. 3. Publish 1 teaching material.
<b>Scientific research work</b>	1. Hosted 1 Hunan Provincial Education Reform Project, 1 Hunan Provincial Education Planning Project, and 2 Hunan Provincial Education Department Key Projects.

	2. Published more than 30 papers, including 20 SCI papers; authorized 3 invention patents and 1 conversion.
--	---

<b>Name</b>	Cao Wenxiu
<b>Title/Position</b>	Associate Professor/Head of the Chemical Engineering Department
<b>Educational Background</b>	2003.09-2007.06 Hengyang Normal University, Chemical Education, Bachelor 2007.09-2012.06 South China University of Technology, Applied Chemistry, Ph.D. (combined master's and doctoral program)
<b>Work Experience</b>	2012.07-2018.08 Shaanxi University of Technology, School of Chemistry and Environmental Science, Lecturer 2015.09-2017.08 Dalian Institute of Chemical Physics, Chinese Academy of Sciences, Postdoctoral Researcher 2018.09-2021.08 Jishou University, College of Chemistry and Chemical Engineering, Lecturer 2021.09- Hunan City University, School of Materials and Chemical Engineering, Lecturer
<b>Teaching Responsibilities</b>	<ol style="list-style-type: none"> <li>1. Main courses taught include "Chemical Engineering Thermodynamics," "Career Development and Employment Guidance for College Students," "Innovation and Entrepreneurship Course," and "Chemical Engineering Laboratory," as well as supervising "Chemical Engineering Recognition Internship," "Chemical Engineering Production Internship," and "Comprehensive Training in Chemical Engineering."</li> <li>2. Supervised one provincial-level college student innovation and entrepreneurship project and two university-level projects.</li> <li>3. Guided students in various academic competitions: Three third prizes in the National College Student Chemical Engineering Design Competition; one third prize in the Provincial College Student Chemistry and Chemical Engineering Innovation Works Competition; one third prize in the Provincial College Student Chemical Engineering Design Competition.</li> </ol>
<b>Research Work</b>	1. Led three provincial-level projects (one each from the Shaanxi

	<p>Provincial Department of Education Youth Project, Hunan Provincial Department of Education Excellent Youth Project, and Hunan Provincial Department of Education Teaching Reform Project), and one project from the Ministry of Education on collaborative education between industry and academia.</p> <p>2. Published four SCI papers, including three in the top tier of the first district (SCI).</p>
--	--

<b>Name</b>	Wang Jiaoliang
<b>Title/position</b>	Professor
<b>Education Experience</b>	1998 09- 2002 06 Bachelor of Chemistry Education, Hunan Normal University 2002 09- 2005 06 Master of Organic Chemistry, Hunan Normal University 2010 09- 2014 12 Doctor of Chemistry, Hunan University
<b>Work Experience</b>	2006.03-School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1. She mainly teaches courses such as Physical Chemistry, Physical Chemistry Experiment, and Fundamentals of Electrochemistry.</li> <li>2. She has been awarded the title of Hunan Province Furong Teaching Master, Hunan Province Course-based Ideological and Political Education Teaching Master, Hunan Province Teaching Expert, Hunan Province Young Backbone Teacher, Yiyang City Subject Leader, and is a leading and backbone talent in the "351" Talent Project of Hunan City University.</li> <li>3. She is the principal investigator of the first batch of National Online and Offline Hybrid First-class Courses, Hunan Province Online and Offline Hybrid First-class Courses, Hunan Province Excellent Online Open Courses, and Hunan Province Ideological and Political Demonstration Courses.</li> <li>4. She has guided two national-level college students' innovation and entrepreneurship projects.</li> <li>5. Under her guidance, college students have won four first prizes and three second prizes in subject competitions.</li> </ol>
<b>Scientific</b>	1.She has presided over one project of the National Natural

<b>Research</b>	<p>Science Foundation of China, three projects of the Hunan Provincial Natural Science Foundation, one project of the Hunan Provincial Education Department's outstanding youth project, one project of the Hunan Provincial Ordinary Colleges and Universities' Information Technology Teaching Application Project, and one project of the Hunan Provincial Education Planning Project.</p> <p>2. She has published over 40 academic papers as the first author or corresponding author, including 16 SCI papers, 3 in the first zone and 3 in the second zone. She has obtained one national invention patent and one utility model patent, and won the special prize of the Yiyang City Natural Science Excellent Academic Achievement Award.</p>
-----------------	---

<b>Name</b>	Ma Dechong
<b>Title/position</b>	Lecturer/Deputy Director of Materials Department
<b>Education Experience</b>	2003 09- 2007 06 Bachelor of Chemistry, Anqing Normal University 2007 09- 2012 06 Ph.D. in Chemistry, Hunan University
<b>Work Experience</b>	July 2012-May 2015 Engineer of Transportation Science Research Institute of Shanxi Province May 2015-June 2019 Senior Engineer of Transportation Science Research Institute of Shanxi Province 2019.09-so far Lecturer, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>Lectured on "Polymer Physics", "Modern Material Chemistry", "Plastic Building Materials and Processing" and "Polymer Physics Experiment", etc., guiding "Cognition Practice", "Production Practice" and "Graduation Comprehensive Training".</li> <li>Guided 1 provincial college student innovation and entrepreneurship project and 1 provincial entrepreneurship practice project.</li> <li>Guided a number of college student competitions: guiding 1 first prize of the 7th "Internet +" College Student Innovation and Entrepreneurship Competition of "CCB Cup" in Hunan Province; ② 1 bronze prize of the 8th China International</li> </ol>

	<p>"Internet +" College Student Innovation and Entrepreneurship Competition;③ 1 bronze prize of the 10th "Challenge Cup" Hunan College Student Entrepreneurship Plan Competition.</p>
<p><b>Scientific Research</b></p>	<p>1. Presided over 5 provincial projects (1 youth project of Shanxi Province Self-Science Fund, 1 planned project of Shanxi Province Communications Department, 1 project of Hunan Province Self-Science Fund, 1 key project of Hunan Province Education Department and 1 educational reform project of Hunan Province Education Department) and 1 horizontal project.</p> <p>2. Published 12 SCI papers and 4 teaching reform papers.</p>

<b>Name</b>	Yang Fanming
<b>Title/position</b>	Associate Professor/Head of Materials Department
<b>Education</b>	September 2011-June 2016 Doctor of Chemical Engineering and Technology, Hunan University (continuous reading)
<b>Experience</b>	September 2007-July 2011 Bachelor of Materials Chemistry, Henan Polytechnic University
<b>Work Experience</b>	2017.11-Associate Professor, School of Materials and Chemical Engineering, Hunan City University July 2017-November 2017 Engineer of Huizhou Yiwei Lithium Energy Co., Ltd. 2016.07-2017.06 Senior Engineer of Shenzhen Waterma Battery Co., Ltd.
<b>Teaching Work</b>	1、 Lead and pass the evaluation of degree in composite materials and engineering. 2. Lectures on "Material Science Foundation","Energy Storage Materials and Devices","Comprehensive Experiment of Energy Storage Materials and Devices" and other courses, and guides "Composite Material Understanding Practice","Composite Material Production Practice","Polymer Material Production Practice","New Energy Materials and Devices Curriculum Design","Materials Major Graduation Comprehensive Training", etc. 3. Guide 1 national-level college student innovation and

	<p>entrepreneurship project and 1 school-level college student innovation and entrepreneurship project.</p>
<p><b>Scientific Research</b></p>	<ol style="list-style-type: none"> <li>1. He presided over 3 provincial and departmental projects (1 Youth Project of Natural Science Foundation of Hunan Province, 1 Excellent Youth Project of Education Department of Hunan Province and 1 Teaching Reform Project of Education Department of Hunan Province).</li> <li>2. Executive Director of Hunan Province Key Laboratory of "Low Carbon and Environmental Functional Materials".</li> <li>3. He has published more than 20 SCI, EI and CSCD papers, including the Top 1 in Section 1.</li> <li>4. 2 national invention patents granted.</li> </ol>

<b>Name</b>	Yin Zhifang
<b>Title/position</b>	associate professor
<b>Education</b>	1997.09-2001.06 Bachelor of Chemical Engineering and Technology, Xiangtan University
<b>Experience</b>	September 2002-June 2006 Professor of Analytical Chemistry, Hunan University
<b>Work Experience</b>	<p>July 2005-November 2008 Assistant Professor, School of Materials and Chemical Engineering, Hunan City University</p> <p>2008.12-2013.11 Lecturer, School of Materials and Chemical Engineering, Hunan City University</p> <p>2013.12-so far Associate Professor, School of Materials and Chemical Engineering, Hunan City University</p>
<b>Teaching Work</b>	<p>1. She has lectured on Chemical Thermodynamics, Chemical Engineering Principles, Chemical Engineering Professional English, Chemical Engineering Principles Experiment, Environmental Engineering Principles, Innovation and Entrepreneurship Foundation, etc., and guided Chemical Engineering Principles Course Design, Chemical Engineering Understanding Practice, Chemical Production Practice, Chemical Engineering Design and Chemical Graduation Comprehensive Training. 5 excellent teacher course quality assessments.</p> <p>2. Guide 2 national college students 'innovation and</p>

	<p>entrepreneurship projects.Presided over 1 educational reform project of Education Department of Hunan Province.</p> <p>3. Guided many subject competitions for college students: 1 provincial first prize and 1 provincial third prize of National University Chemical Engineering Design Competition; 1 second prize of South China Division of National University Chemical Engineering Principle Experimental Competition.</p>
<p><b>Scientific Research</b></p>	<p>1、 Presided over 1 scientific research project of Hunan Province Education Department and 1 collaborative education project of Ministry of Education.</p> <p>2、 She has published 5 papers in C journal and above, and more than 20 papers in other journals.</p>

<b>Name</b>	Liu Zheng
<b>Title/position</b>	Associate Professor/None
<b>Education Experience</b>	2005.09-2009.06 Bachelor of Chemical Engineering and Technology, Hubei Institute of Technology September 2010-June 2013 Master of Physical Chemistry, Wenzhou University September 2013-October 2018 Doctor of Materials Science and Engineering, Hunan University
<b>Work Experience</b>	2018.03-2021.12 Lecturer, School of Materials and Chemical Engineering, Hunan City University 2022.01-Associate Professor, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	1. Lectured on "Principles of Composite Materials", "Preparation and Processing of Composite Materials", "Basic Design of Polymer Molding Mold", "Introduction to Materials Science" and "Literature Retrieval and Scientific Paper Writing". 2. Guided 1 provincial-level college student innovation and entrepreneurship project and 1 school-level college student innovation and entrepreneurship project.
<b>Scientific Research</b>	1、 He presided over one youth project of National Natural Science Foundation of China, one youth project of Natural Science Foundation of Hunan Province and one excellent youth project of Education Department of Hunan Province.

	<p>2. He published many SCI papers as the first author or corresponding author, among which 4 papers were Top papers in the first author area.</p>
--	--

<b>Name</b>	Wang Feng
<b>Title/Position</b>	Associate Professor/None
<b>Education Experience</b>	1998.09-2002.06 Bachelor of Chemical Engineering and Process Engineering, Xiangtan University 2002.09-2005.06 Xiangtan University Chemical Engineering and Technology master 2009.09-2016.12 Xiangtan University Chemical Engineering and Technology Doctor
<b>Work Experience</b>	2005.07-present Teacher, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Profession</b>	1. Taught "Principles of Chemical Engineering", "Industrial Catalysis", "Chemical Engineering Design" and "Principle Experiment of Chemical Engineering", and guided "Chemical Engineering Understanding Practice", "Chemical Production Practice", "Chemical Engineering Graduation Comprehensive Training", "Chemical Engineering Design" and "Chemical Engineering Principle Course Design". 2. Guided a number of college students' discipline competitions: 3 second prizes and 1 third prizes in the National College Students' Chemical Design Competition; Hunan University Students Chemical Design Competition has 3 first prizes, 6 second prizes and 8 third prizes. Two second prizes in the Principle Experiment Competition of Chemical Industry in Central South Region.
<b>Scientific Research</b>	1、 Presided over 3 provincial-level projects (1 key project of Hunan Provincial Department of Education, 1 general project of Hunan Provincial Department of Education and 1 educational reform project of Hunan Provincial Department of Education), and 1 project of Ministry of Education collaborative education project. 2、 Published more than 10 SCI/EI/CSCD papers.

<b>Name</b>	You Yilan
<b>Title/position</b>	associate professor
<b>Education Experience</b>	September 2000-June 2004 Applied Chemistry, Changsha University of Science and Technology September 2006-June 2009 Master of Physical Chemistry, Hunan Normal University September 2009-June 2014 Doctor of Materials Science, Central South University
<b>Work Experience</b>	July 2014-December 2019 Lecturer, School of Materials and Chemical Engineering, Hunan City University November 2014-July 2018 Postdoctoral Fellow of Chemistry Department of Central South University 2019.12-Associate Professor, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	1. Lectured on "Polymer Chemistry","Polymer Materials","Polymer Chemistry Experiment", etc., guiding "Polymer Materials and Engineering Understanding Practice","Polymer Materials and Engineering Production Practice","Polymer Processing Principle Course Design","Polymer Materials and Engineering Graduation Comprehensive Training". 2. Guided 1 provincial-level college student innovation and entrepreneurship project and 2 school-level college student

	<p>innovation and entrepreneurship projects.</p> <p>3. Guided 1 second prize and 1 third prize respectively in provincial college students 'chemical innovation works competition.</p>
<p><b>Scientific Research</b></p>	<p>1、 He presided over the Natural Science Foundation Project of Hunan Province, Excellent Youth Project of Education Department of Hunan Province, General Project of Education Department of Hunan Province and Education Planning Project of Hunan Province respectively.</p> <p>2. Published 2 SCI papers, 1 EI paper, 4 CSCD core papers and 4 authorized invention patents.</p>

<b>Name</b>	Xia Li
<b>Title/position</b>	Lecturer/None
<b>education</b>	September 2001-June 2005 Bachelor of Applied Chemistry, Central South University
<b>experience</b>	September 2005-June 2008 Master of Analytical Chemistry, Central South University
<b>Work Experience</b>	July 2008-August 2010 School of Pharmacy, Second Military Medical University 2010.09-Lecturer, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1. Lectured on instrumental analysis, inorganic and analytical chemistry (1), physical chemistry and instrumental analysis experiments, etc., and guides chemical understanding practice and chemical graduation comprehensive training.</li> <li>2. In 2024, she won the first prize of Hunan Province College Teacher Teaching Innovation Competition, the first prize of Hunan Province College Teacher Classroom Teaching Competition in 2018, and 4 first prizes of school-level teaching competition.</li> <li>3. Presided over 1 online and offline mixed first-class course in Hunan Province, 1 school-level ideological and political demonstration course and 1 Class A gold course respectively.</li> <li>4. There are many provincial awards for guiding college students</li> </ol>

	<p>'subject competition: 3 second prizes and 3 third prizes in Hunan Province College Students' Chemical Engineering Competition; 1 second prize in Hunan Province College Students Science Education Innovation Competition.</p> <p>5. Participated in compiling 4 textbooks, such as Spectrum Analysis, Analytical Chemistry, Design Model, etc.</p>
<b>Scientific Research</b>	<p>1、 Presided over 1 educational reform project in Hunan Province and 1 science and technology plan project in Yiyang City.</p> <p>2、 Published 13 scientific research and teaching reform papers.</p>

<b>Name</b>	Chen Chao
<b>Title/position</b>	Associate Professor/Director of Materials and Chemistry Experiment Training Center
<b>Education Experience</b>	2009.09-2013.06 Xiangtan University Bachelor of Chemistry 2013.09-2019.06 Xiangtan University Doctor of Applied Chemistry (Master and Doctoral Degree)
<b>Work Experience</b>	2019.09-Present Hunan City University School of Materials and Chemical Engineering Lecturer
<b>Teaching Work</b>	1. Lecture on "Chemical Engineering Drawing", "Engineering Drawing and CAD", "General Chemistry" and "General Chemistry Experiment", etc., guide "Chemical Recognition Practice", "Chemical Production Practice", "Chemical Graduation Comprehensive Training". 2. Guide 1 provincial-level college student innovation and entrepreneurship project and 2 school-level college student innovation and entrepreneurship projects.
<b>Scientific Research</b>	1、 He presided over 3 provincial projects (Youth Project of Natural Science Foundation of Hunan Province, Excellent Youth Project of Education Department of Hunan Province and Educational Reform Project of Education Department of Hunan Province). 2. He has published more than ten SCI papers, including the top two papers in the first district.

<b>Name</b>	Lin Yiting
<b>Title/Position</b>	Lecturer/None
<b>Educational Background</b>	Sep. 2009 - Jun. 2013, Kunming University, Bachelor of Chemistry Sep. 2013 - Jun. 2018, Hunan Normal University, Doctor of Chemistry (Master-Doctor continuous program)
<b>Work Experience</b>	May 2018 - Present, School of Materials and Chemical Engineering, Hunan City University, Lecturer
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1. Teach courses such as "Inorganic Chemistry", "Inorganic Chemistry Experiment", "General Chemistry", etc., and guide "Chemical Engineering Cognition Internship", "Chemical Engineering Production Internship", "Chemical Engineering Graduation Comprehensive Training".</li> <li>2. "Inorganic Chemistry" has been approved as an offline first-class course in Hunan Province, and is a major participant. It is a school-level "golden course" and a curriculum ideological and political demonstration course, and the person in charge.</li> <li>3. Presided over and completed 1 curriculum ideological and political construction project in Hunan Province and 1 school-level teaching reform project.</li> <li>4. Won the second prize in the Hunan Provincial Young Teachers' Teaching Competition; won the first prize in both the school-level classroom teaching competition and the curriculum ideological and political teaching competition.</li> <li>5. Guided students to complete 2 provincial college students' innovation and entrepreneurship projects.</li> <li>6. Guided students to participate in the Hunan Provincial College Students' Chemistry and Chemical Engineering Discipline Competition and won 1 first prize and 1 second prize.</li> </ol>
<b>Research Work</b>	<ol style="list-style-type: none"> <li>1. Presided over and completed 1 provincial project (a project of Hunan Provincial Department of Education).</li> <li>2. Published 4 SCI papers.</li> </ol>

<b>Name</b>	Wang Liqin
<b>Title/position</b>	lecturer
<b>Education Experience</b>	2009.09-2013.06 Bachelor of Engineering and Technology degree in Chemical Engineering from North China University of Science and Technology 2013.09-2019.06 Shanxi Institute of Coal Chemistry, Chinese Academy of Sciences (Master and doctoral program), Doctor of Science degree in physical Chemistry
<b>Work Experience</b>	2019.09-Lecturer, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1、 In classroom teaching, he lectured on 12 key professional courses such as Chemical Process Analysis and Synthesis, Industrial Catalysis Foundation, Chemical Machinery Equipment Foundation, Chemical Principle Course Design, Chemical Design Course Design, Environmental Engineering Principles, Environmental Engineering Principle Test, Chemical Principle Test, Chemical Knowledge Practice, Chemical Production Practice, Graduation Thesis Comprehensive Training, etc.</li> <li>2、 In terms of teaching competition, he won the second prize of the 12th Hunan Province Young Teachers Teaching Competition, 2 second prizes and 1 third prize of Hunan City University Informatization Teaching Competition, and 1 honor of "30 Best Teaching" in Informatization and Curriculum Ideological and Political Teaching Competition of Hunan City University.</li> <li>3、 In the aspect of subject competition, the students guided by the first instructor won 1 second prize, 2 third prizes in the national chemical design competition, 1 first prize in the chemical design competition of South China Division, 1 second prize and 3 third prizes in the provincial chemical design competition.</li> </ol>

<b>Scientific Research</b>	<ol style="list-style-type: none"><li>1、 Presided over 2 scientific research projects of the Department of Education and 1 university-level educational reform project;</li><li>2、 The first instructor guided the students to set up a provincial college student innovation and entrepreneurship project;</li><li>3、 Published 10 scientific research and teaching research papers, including 2 SCI papers.</li></ol>
----------------------------	---

<b>Name</b>	Liu Rong
<b>Title/position</b>	Associate Professor/Secretary of the First Branch of the Faculty of Materials and Chemistry
<b>Education Experience</b>	September 2003-June 2007 Bachelor of Pharmaceutical Engineering, Hunan Institute of Technology September 2007-June 2010 Master of Analytical Chemistry, Guilin University of Technology September 2015-April 2021 Doctor of Chemistry, Hunan University
<b>Work Experience</b>	2010.09-2012.09 Assistant Professor, School of Materials and Chemical Engineering, Hunan City University 2012.09-2023.12 Lecturer, School of Materials and Chemical Engineering, Hunan City University 2024.01-so far Associate Professor, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	<ol style="list-style-type: none"> <li>1. Lectures on "Industrial Analysis", "Analytical Chemistry" and "General Chemistry", etc., and guides "Chemical Understanding Practice", "Chemical Production Practice" and "Chemical Graduation Comprehensive Training".</li> <li>2. Guide 1 provincial-level college student innovation and entrepreneurship project and many school-level college student innovation and entrepreneurship projects.</li> <li>3. Guided many subject competitions for college students: 1 second prize in chemical works competition of Hunan Province</li> </ol>

	University.
<b>Scientific Research</b>	<ol style="list-style-type: none"><li>1、 He presided over 4 provincial projects (1 key project of Education Department of Hunan Province and 1 outstanding youth project respectively; 1 natural science fund of Hunan Province; 1 general project of Social Science Federation of Hunan Province).</li><li>2、 He published 7 SCI papers as the first author, including 2 papers in Division II.</li></ol>

<b>Name</b>	Tao Shengdong
<b>Title/position</b>	lecturer
<b>Education Experience</b>	September 2007-July 2011 Bachelor of Chemistry, Yan 'an University September 2011-July 2014 Master of Chemical Engineering, Hunan University 2017.09 - 2022.06 Doctor of Materials Physics and Chemistry, Central South University
<b>Work Experience</b>	2014.07 - 2016.03 Process Engineer of Production Department of Xinte Energy Co., Ltd. April 2016-August 2017 R & D Engineer, Zhengyuan Energy Storage Materials and Devices Research Institute, Hunan Province 2022.08-so far Lecturer, School of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	1. Lectured on "Chemical Instrumentation and Automation","Aspen Plus","Chemical English and Literature Search", etc., and guided "Chemical Understanding Practice","Chemical Design","Chemical Production Practice","Chemical Graduation Comprehensive Training". 2. Obtained 1 item of school-level educational reform project to assist in guiding college students 'chemical design competition.
<b>Scientific Research</b>	3、 He presided over 2 provincial projects (1 youth project of Hunan Province Education Department and 1 excellent youth

project of Hunan Province Education Department).

4、 He has published 10 SCI papers, including 3 papers.

<b>Name</b>	Zhang Xingyu
<b>Title/Position</b>	Lecturer
<b>Education</b>	2008.09-2012.06 Hunan University of Science and Engineering Bachelor of Chemistry 2012.09-2015.06 Xiangtan University Master of Chemistry 2018.09-2022.09 South China University of Technology Doctor of Biochemistry
<b>Working Experience</b>	2015.07-2018.07 Hunan University of Science and Engineering Teaching assistant in the Department of Biochemistry 2022.09- present Hunan City University Lecturer at the School of Materials and Chemical Engineering,
<b>Teaching</b>	General Chemistry, Engineering Drawing and CAD, Innovation and Entrepreneurship Courses, Biochemical Separation Engineering and Principles, Chemical Engineering Cognition Practice and Chemical Engineering Graduation Comprehensive Training.
<b>Scientific Research Work</b>	1. Hosted one provincial-level project (Excellent Youth Project of Hunan Provincial Department of Education) and one project of Yiyang Science and Technology Bureau. 2. Published six SCI papers, including one Top 1 paper

<b>Name</b>	Yonglin Zeng
<b>Title/Position</b>	Lecturer/Engineer
<b>Education Background</b>	1993.09-1997.06 Xiangtan University Chemical Engineering Bachelor's Degree 2003.09-2006.06 Xiangtan University Chemical Engineering Master's Degree
<b>Work Experience</b>	1997.12-2003.08 Hunan Jinxin Chemical Industry Co., Ltd. Engineer 2006.07-Present Hunan City University School of Materials and Chemical Engineering Lecturer
<b>Teaching Work</b>	1. Mainly teaches Chemical Separation Engineering, Chemical Technology, Chemical Design, Industrial Catalysis, and experiments and simulations in chemical principles, professional experiments and simulations, etc. Guides chemical recognition practice, chemical production practice, and comprehensive training for chemical engineering graduates. 2. Guided national and provincial college student chemical design competitions and won awards, guided the provincial college student virtual simulation competition many times and won awards.
<b>Research Work</b>	1. Hosted one department-level project and one school-level teaching reform and research project each. 2. Published one EI paper and several other teaching reform and research papers.

<b>Name</b>	Shangjun Fu
<b>Title/Position</b>	Lecturer
<b>Educational Experience</b>	2013.09-2017.06 Bachelor of Chemical Engineering and Technology, Hefei University of Technology 2017.09-2023.06 Xiangtan University Chemical Engineering and Technology Doctor (master degree)
<b>Work experience</b>	2013.07-2024.02 Director R & D Engineer Hunan Yacheng New Energy Co., LTD 2024.03-present Lecturer School of Materials and Chemical Engineering, Hunan City University
<b>Teaching work</b>	1. At present, I am the main lecturer of "Industrial Catalysis" and "General Chemistry", and guide "Chemical Production Practice" and "Chemical Graduation Comprehensive Training".
<b>Scientific research</b>	1. Presided over two provincial projects 2. Published four SCI papers, including 1 in the first district, 2 in the three major chemical journals, 9 patents, and 1 authorized.

<b>Name</b>	Meng Wei
<b>Title/position</b>	Professor/Deputy Director of Discipline Division
<b>Education Experience</b>	<p>September 2003-June 2007 Bachelor of Chemical Engineering and Technology, Central South University of Forestry Science and Technology</p> <p>September 2007-June 2010 Master of Forestry Chemical Engineering, Central South University of Forestry Science and Technology</p> <p>September 2012-June 2016 Doctor of Chemical Engineering and Technology, Hunan University</p>
<b>Work Experience</b>	<p>2010.09-so far School of Materials and Chemical Engineering, Hunan City University</p> <p>September 2019-August 2020 Visiting Scholar, School of Chemistry, Nanjing University</p> <p>November 2017-December 2018 Visiting Scholar, School of Chemistry, University of Florida</p>
<b>Teaching Work</b>	<p>1. Lectures on "General Chemistry," "Guidance on Career Development and Employment of College Students," "Innovation and Entrepreneurship Curriculum" and "Chemical Professional Experiment," etc., and guides "Chemical Understanding Practice," "Chemical Production Practice," and "Chemical Graduation Comprehensive Training."</p> <p>2. Guide 2 provincial-level college students' innovation and entrepreneurship projects and 2 school-level college students'</p>

	<p>innovation and entrepreneurship projects.</p> <p>3. Guiding a number of college students 'subject competitions: 1 first prize and 2 second prizes of provincial college students' chemical innovation works competition.</p>
<p><b>Scientific Research</b></p>	<p>1、 Presided over 5 projects above provincial level: 1 Youth Project of National Natural Science Foundation of China, 2 Natural Science Foundation of Hunan Province, 1 Excellent Youth Project of Education Department of Hunan Province, 1 Educational Reform Project of Education Department of Hunan Province;</p> <p>2、 He has published more than 10 SCI papers, including Top 2.</p>

<b>Name</b>	Xiao Guqing
<b>Title/position</b>	Professor
<b>Education</b>	2002.09 - 2005.06 Master of Chemistry Curriculum and Teaching Theory, Hunan Normal University
<b>Experience</b>	2006.09-2009.06 Doctor of Organic Chemistry, Hunan Normal University
<b>Work Experience</b>	July 1994-August 2002 Teacher of No.9 Middle School in Yiyang City March 2010-June 2012 Postdoctoral Fellow, School of Environment, Nanjing University 2005.07-so far Professor, College of Materials and Chemical Engineering, Hunan City University
<b>Teaching Work</b>	1. Lectures on Physical Chemistry, Functional Polymer Materials, Physical Chemistry Experiments, and guides Comprehensive Training for Chemical Graduation. 2. Guide a national college student innovation and entrepreneurship project, and guide two provincial college student innovation and entrepreneurship projects. 3. Instruct students as the first author to publish three SCI papers and a CSCD core paper.
<b>Scientific Research</b>	1、 He presided over a general project of National Natural Science Foundation, a science and technology plan project of Hunan Province, a provincial and municipal natural science joint fund

	<p>project of Hunan Province, an educational reform project of Education Department of Hunan Province and an educational planning project of Hunan Province.</p> <p>2、 He published eighteen SCI papers (including Top three papers in Division I), an EI paper and thirty CSCD core papers as the first author or first corresponding author.</p>

Name	Xiaoyan Zhu
Official capacity	Lecturer
Education experience	2006.09-2010.06 Huanggang Normal University Chemistry Bachelor 2010.09-2013.06 Tianjin University Chemistry Master 2013.09-2017.06 Hunan University Analytical Chemistry Doctor
Occupational history	2017.09-so far Hunan City University School of Materials and Chemical Engineering Lecturer
Teaching profession	1、 The courses I taught include "Analytical Chemistry", "General Chemistry A", "Organic Chemistry" and "Analytical Chemistry Experiment", etc., and I guided "Chemical Industry Understanding Practice", "Chemical Production Practice" and "Chemical Industry Graduation Comprehensive Training". 2、 I guided a provincial college student innovation and entrepreneurship project.
Scientific research	1、 I presided over a general project of Hunan Provincial Department of Education and a teaching reform project of Hunan Provincial Department of Education). 2、 I have published three papers above the second region of SCI.

<b>Name</b>	Qi Fengpei
<b>Professional title/post</b>	associate professor /none
<b>Educational experience</b>	2003.09-2007.06 Xuchang University Chemistry education bachelor 2007.09-2010.06 Hunan Normal University Organic Chemistry Master 2014.09-2022.12 Central South University Organic Chemistry PhD
<b>Work experience</b>	2010.07-now Hunan City University College of Materials and Chemical Engineering associate professor
<b>Teaching and learning</b>	<p>1, lecturing “Organic Chemistry”, “Organic Chemistry Experiment”, “Fine Organic Synthesis Unit Reaction”, etc., guiding “Chemical Industry Awareness Internship”, “Chemical Industry Production Internship”, “Chemical Industry Graduation Comprehensive Training”.</p> <p>2、Supervise two provincial college students' innovation and entrepreneurship projects.</p> <p>3、Supervise many disciplinary competitions for college students: 1 third prize of Provincial College Students' Chemistry and Chemical Industry Innovative Work Competition; 1 first prize, 2 second prizes and 3 third prizes of Provincial College Students' Experimental Skills Competition.</p> <p>4、Participated in 1 provincial first-class course and 2 school-level gold courses.</p>

Scientific research	<p>1. Chairing two provincial projects (one excellent youth project and one education planning project of Hunan Provincial Department of Education), three departmental projects (one general project of Hunan Provincial Department of Education and two science and technology projects of Yiyang City), and one industry-university-research collaborative education project of the Ministry of Education.</p> <p>2. Publishing five SCI papers, including one top I .</p>
